Bold Analytics
Transforming Data Decisions

Internship Offer Letter

Dear, Yomna Ashraf

Date: 12/04/2026

We are pleased to offer you the position of **Data Analyst Intern** at Bold Analytics for a period of 2 months. This internship is unpaid and has been offered based on your resume and your performance in the technical assessment.

This is a remote, unpaid internship designed to provide hands-on, real-world experience in data analysis and data-driven decision-making. During this internship, you will work on real datasets and contribute to analytical projects, gaining practical exposure in the following areas:

Key Learning Areas
Data cleaning, processing, and transformation
Data analysis using SQL, Excel, and Python

Requirements
Basic understanding of data analysis concepts
Knowledge of Excel and SQL
Familiarity with Python (Pandas, NumPy) is a plus
Understanding of data visualization tools (Power BI, Tableau, or similar)
Basic problem-solving and analytical thinking skills
Ability to work with structured and unstructured data

Duration: 15 Apr 2026 - 15 Jun 2026
Location: Remote
Working Hours: Flexible

On successful completion, you will receive a Certificate of Completion and LOR (Based on performance) from Bold Analytics.
Please confirm your acceptance within 2 days of date of receive by clicking i accept buttion given in offer letter mail.
